

How to use the Baby Song Welcome Card PDF file:

Choose the front cover you wish to use for your “Welcome to Baby Song” card from pages 2-5. Then print that page with page 6 on the back. The PDF file is set up to print two side by side cards which you will need to cut apart after printing. You can either write in your corps / church / centre name and location information on the lines provided or use the Fill-In version PDF and follow the fill-in prompts.

The Publisher and Microsoft Word version of each card allows you to insert your local schedule for BabySong and corps / church / centre location information. The Publisher files are set up to print as a card. All you have to do is fold each page after printing. You will need to install the McLaren font first.
