

CAMP MEMORIES

We hope you had an amazing time at camp this week.
What memories will you keep?

What is something new
you tried and want to try again?

Who did you make
friends with?

What did you learn that changed
your perspective?

What was the best
activity you did?

Who was the best leader?

What was most
memorable?

What would YOUR
camp leader name be?

What is something you
ate this week that you
want to try making at home?

SEE YOU NEXT SUMMER!

CHALLENGE A NEIGHBOUR!

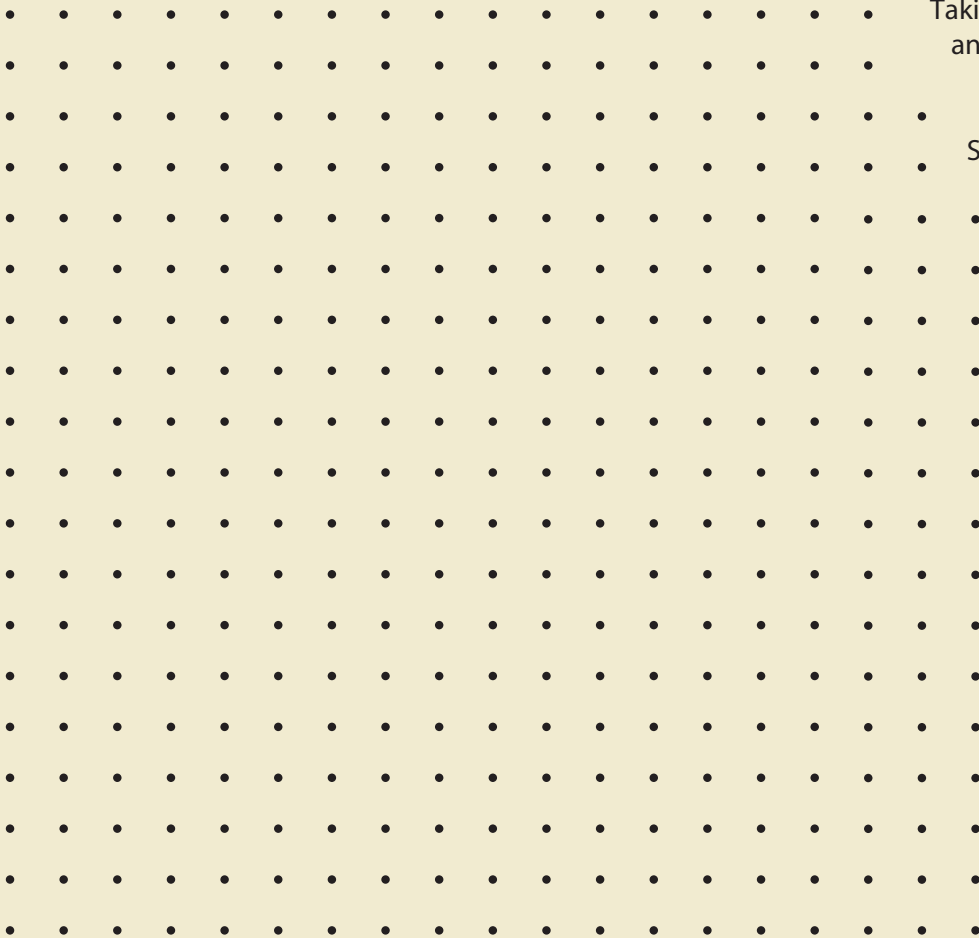

X's and O's

Dots and Boxes

Taking turns, draw a line between one dot and the next. When your turn completes a box, put your initial inside the box.

See who can complete the most boxes!

BATTLESHIPS

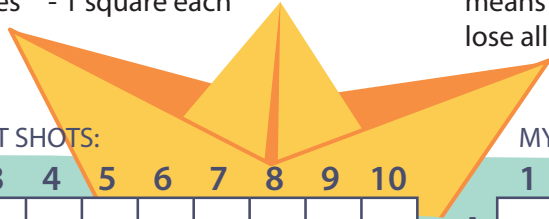

Choose a friend to play against, and then get ready!

On the left grid, secretly draw these (horizontal or vertical) rectangles representing your fleet of ships:

- 1 x Aircraft carrier - 5 adjacent squares
- 1 x Battleship - 4 adjacent squares
- 1 x Cruiser - 3 " "
- 2 x Destroyers - 2 " "
- 2 x Submarines - 1 square each

To play, you each take turns making a shot at one of your opponent's ships by calling out the coordinates of a square, such as "D5". Your opponent will say "Hit" if you hit a ship or "Miss" if you miss their ships. When you hit the last square of any ship your opponent must say the name of the ship, e.g. "You sank my Destroyer!"

While playing, each player records their opponents shots on the left grid, and their own shots on the right. An "X" means a hit and an "O" means a miss. The first player to lose all their ships loses the game!
