## Games

Many communities in developing countries lack recreational materials. Play fuels imaginations, teaches teamwork and heals the effects of trauma. Your gift of toys and other recreational materials helps build healthy community development.

Text **Games** to 45678 to give \$5

Gifts  
of *HOPE*

## Chick

Chicks grow up to provide a family with a source of sustainable income, nutritious eggs and meat. Chickens are an ideal gift for a family with limited opportunities to earn an income.

## Corps Resources

Help spread the gospel and enrich congregations with gifts such as Bibles, Sunday school materials, worship music and instruments.

Text **Corps** to 45678  
to give \$10 or \$20

## School Supplies

Inflation makes school operating costs high, so many children cannot afford an education. Your gift will help a child get everything needed to attend school and have a better chance at life.

## Water

Clean, safe water is a simple gift with a big impact. Pair it with hygiene awareness and the impact is even greater. Disease is prevented and families live healthier lives. \$40 is the average cost to provide one family in a rural village with clean, safe water.

Text **Water** to 45678 to give \$20

## Share of Goat

Goats are easy to care for, can provide milk, cheese and protein rich meat for families - and most importantly breed easily. School/medical bills and basic living costs can be met by a family having a small herd of goats. An extra benefit is that goat manure is a good fertilizer!

## Disaster Relief

Earthquakes, floods, fires, cyclones, plagues. Your gift will provide emergency food, clothing, hygiene products, blankets, pastoral care and more to families affected by disaster.

[salvationarmy.ca/giftsofhope](http://salvationarmy.ca/giftsofhope)

## Share of Pig

Pigs are hardy animals that are easy to raise and breed. Pigs live off food scraps as a great source of protein or sold for much needed income. Pig manure is also used to increase crop yields in agriculture.

## Health

Common diseases are often fatal for young children in the developing world. By supporting local health initiatives with training and supplies, more children will celebrate their fifth birthday - and there is a positive impact to the ongoing health of entire communities.

[salvationarmy.ca/giftsofhope](http://salvationarmy.ca/giftsofhope)

## Plant a Garden

Think nutrition!  
Help provide seeds, tools and soil development to enhance the ability of a family to provide basic dietary necessities.

[salvationarmy.ca/giftsofhope](http://salvationarmy.ca/giftsofhope)

## Transport

Landscapes around the world are unique - as are the roads in rural communities. An ox cart allows rural families to get their goods to market, while a bush ambulance provides lifesaving transportation. A bicycle enables project staff to connect with communities and review development work.

[salvationarmy.ca/giftsofhope](http://salvationarmy.ca/giftsofhope)

## Train a Farmer

Helping farmers to double or triple the food produced on their little piece of land will lead to better provision for their family and greater income from the markets. When one farmer learns and produces more, successful methods are shared throughout the community.

[salvationarmy.ca/giftsofhope](http://salvationarmy.ca/giftsofhope)
