

# PARTNERS IN MISSION

## Canada and Bermuda Territory Adds Two New Partner Territories

The Partners in Mission campaign is The Salvation Army's international strategy for connecting territories around the world in a practical, financial and prayerful way. The money raised provides funding for vital infrastructure and resources that enable The Salvation Army to carry out its mission in more than 130 countries worldwide.

This year, the Canada and Bermuda Territory has added the Mozambique Territory and Bangladesh Command as partners.

The 2019 Partners in Mission campaign will focus on a variety of ministries within the Mozambique Territory and Malawi Territory. While we highlight ministry in specific territories, the funds raised are forwarded to International Headquarters and distributed according to need. All territories participate in this Self-Denial Appeal, as every Salvationist is called to support the international Salvation Army.

Last year, the Canada and Bermuda Territory raised more than \$2.2 million for Partners in Mission, surpassing all previous years. In 2019, our goal is \$2.3 million, and we have every confidence that this is within our reach.

Here are a few of the projects our territory has supported over and above Partners in Mission. Thank you for being a partner in the international ministry of The Salvation Army.

Germany, Lithuania and Poland Territory

Bangladesh Command

Liberia and Sierra Leone Command

Malawi Territory

Mozambique Territory
