## Bangladesh Command

The Salvation Army's Integrated Children's Centre in Savar, Bangladesh, is a primary school and home for vulnerable girls and visually impaired boys. The centre required a reliable vehicle to transport students and staff to activities and appointments. Last year, the Canada and Bermuda Territory provided a new 16-seater minibus as a mission support project.

In the India Central Territory, we support several children's homes through the Brighter Futures Children's Sponsorship Program. Here, Major Donna Barthau, sponsorship co-ordinator, uses a fun game to teach math skills at a girls' home in Bapatla.

These homes have been providing shelter and education for vulnerable children for close to 70 years. Last year, the Canada and Bermuda Territory funded renovations and provided essential kitchen equipment so the children can thrive in a healthy environment.

"Thank you from the bottom of our hearts for the kind support," says Jeevan Roy Pitta, the sponsorship co-ordinator in the India Central Territory.

In September 2019, hurricane Dorian struck the Bahamas. It was one of the worst disasters the country has ever seen. Major Clarence Ingram, divisional commander, Bahamas Division, described this catastrophe as "an incredible devastation." The Canada and Bermuda Territory provided gift cards to 4,000 displaced people, allowing them to purchase necessary household items and boosting the local economy.
