

ORANGE OVERVIEW

WHAT EXACTLY IS ORANGE?

Orange is a discipleship strategy and curriculum development organization that gets its name from their ministry philosophy: that combining the light of the Church (represented by yellow), with the heart of the home (represented by red) produces greater results in the life of a young person than those two influences can accomplish separately.

WHY DO WE WANT TO PARTNER WITH ORANGE?

- We agree wholeheartedly with their philosophy of ministry, combining the influences of Church and home.
- We have examined their values, statements of faith, and teaching scope and cycles, and are confident that Orange aligns with our theology, missional values, and our discipleship essentials. This partnership will strengthen our commitment to making CHRIST-centred, OTHERS-focused disciples in our territory.
- An additional layer of vetting has also been provided by The Salvation Army's four territories in the USA, who have already entered into a partnership with Orange.
- Orange provides much more than curriculum; they resource ministries with the tools to intentionally work a holistic discipleship strategy beyond simply teaching a lesson.

IS ORANGE MATERIAL SALVATIONIST?

No, Orange is a partner church organization. However, much of their curriculum and resources are customizable. *Canada Bermuda Youth* will be partnering with local and divisional youth ministries to develop and embed Salvationist-specific activities, discussion questions, service projects, leaders' notes, and family resources, directly into the resources that ministry units will have access to. This will give the material another red and yellow blend: our blood and fire DNA—our doctrine, practice, heritage, and mission. We call this "deeper orange resourcing".

WILL CURRENT SA CURRICULUM STILL BE AVAILABLE?

- Ready to Serve (RTS) will still be a core discipleship component for the elementary-aged phase, along with Orange materials.
- Our current junior high and high school Bible study materials will be replaced with the Orange XP3 curriculum enhanced with SA distinctives.

DO I HAVE TO USE ORANGE?

Orange will form the base discipleship curriculum that will be the new prescribed standard for the territory. But how, and in what programs and age groups it can be used, will vary from setting to setting.

WHAT DOES ORANGE PROVIDE?

Orange provides curriculum and resources for ministries through all the phases of a young person's development from infancy to adulthood. Besides teaching videos and teacher outlines, Orange provides social media plans, daily devotionals, parent cue resources, leadership training materials, and much, much more!

HOW MUCH DOES IT COST?

We are currently working on a shared pricing model that will make the Orange material accessible to every ministry unit. More information on this will be available soon.
