HYMN SING RADIO

Hymn Sing Radio is a new initiative designed to support some of our Salvation Army residences, lodges and institutions with programming. It is also usable by our Community Care Ministries as a substitute for some of the visits and services that were normally provided at long-term care facilities. An audio recording is provided in a similar format to a radio program where each hymn is introduced and played. Singing along is very much encouraged! To help with this, a printable song sheet is also provided alongside each episode.
