

# GLOBAL INTERACTIVE SUMMIT ON REFUGEES AND DISPLACED PEOPLES

29 AND 30 JANUARY 2018

This International Social Justice Commission event will celebrate what has been achieved and reflect on lessons learnt to guide future action on refugees and displaced peoples.

Anybody can take part - watch and join in on Facebook Live, and find out more on our website.

Six 90-minute sessions will be held over two days.

As well as reflecting on experiences, sessions will focus on the theology of our response, how we work with organisations, churches and governments, and how communities respond.
