

WWPM 20.12.18: Zambia Territory

Please join us in prayer for:

1. Territorial Congress (21 - 26 August).

The whole territory moves out to a rural area for the entirety of next week, as we receive visitors from Zimbabwe, and Australia (Commissioners Floyd and Tracey Tidd and the Melbourne Staff Band). Prayers will be appreciated for the success of the event, for adequate resourcing, for safe travel on dangerous roads, for good evangelism, teaching and worship. It is also important for prayer following Congress, for its ongoing impact on our growth in Zambia.

2. Resources for Growth

The territory is actively planning for further growth across Zambia, including new regional development in Southern and Northern Provinces. Prayers for strategic planning for regional growth will be valued.

3. Income Generating Projects

The territory is embarking on a number of income generating projects for future financial growth, including our new city centre THQ project, incorporating a shopping mall; two farms; a territorial hall complex; and Chikankata Mission development projects. Prayers are also welcomed for these very practical projects.
