

World Wide Prayer Focus

Taiwan Region has requested we gather in prayer to lift up the following concerns:

- Celebrating and praising God for the start of a new session of Cadets
- That more people respond to the call for officership
- That all our corps and centres activities and programs will be mission centred for evangelism
- That our comrades will grow in Christ and in holiness to make an impact to others
- That God will raise up more Godly leaders
- That God will keep the country safe from natural disasters like typhoons, earthquakes etc.
- That this country will experience political stability and that the church will stand strong on moral and social justice issues
