Prayer Requests:

- Please pray for the four candidates who begin officer training in 2016. One in USA Western Territory, one in the UK and two distance learners with Norway.
- Give thanks for the three Danes who will be commissioned in 2016. Although only one will be a Danish officer and returning to Denmark (Louise Wahl), we thank God for Heidie Bradbury (UK) and Morten Andersen (Netherlands).
- Please pray for continuing wisdom and discernment with respect external pressures being brought upon our Social Services. These pressures include financial cutbacks from Local Authorities and in some places an increasing secularisation attitude from policy makers who are not necessarily pro Christian organisations.
- Give thanks for the growing work in Greenland. This part of the Europe zone and Denmark territory that lies between the longitudes that Rio and Buenos Aires are in - and that is 5 plus hours from Denmark by two planes is incredibly isolated. Thank God for the work in Nuuk that reaches daily many homeless and vulnerable people - sometimes up to 80 a day. At Pentecost meetings led by the CS and TSWM, 45 Greenlandic people plus visitors were present for Sunday worship. Please pray as plans are made to develop the work in late 2016, early 2017 to include family and children. Prayers for Majors Helle and Kurt Pedersen are especially requested and their three boys who are residents in Denmark.
