

BEHIND THE SHIELD

Behind the Shield is more than just a name. It is a collective philosophy of what it means to volunteer with The Salvation Army.

In times of despair everyone needs an army – that’s us. And for over a hundred years the driving force of that army has always been our volunteers who proudly stand with us **Behind the Shield**.

Behind the Shield is not only where compassionate volunteers serve, it is where people find community and connection; where a smiling face brings hope and kindness to those who feel lost or forgotten and where lives are transformed through being understood and through being understood.

By joining the **Behind the Shield** community, volunteers are committing to the belief no one should be alone in times of crisis – and they are ready to be there, without discrimination, for someone in need.

BEHIND THE SHIELD
MEANS THAT TOGETHER,
WE CAN **GIVE HOPE TODAY.**
